- **Make/Model:** 2019 Toyota Camry
 - **Color:** Black
 - **Driver:** Lisa Johnson
 - **Address:** 456 Pine St, Springfield
 - **Injuries:** None reported
-

Narrative:

On May 25, 2022, at approximately 17:43, I responded to a report of a vehicle collision at the intersection of Maple Street and Oak Avenue. Upon arrival, I observed two vehicles involved in the incident. The silver Honda CR-V had significant front-end damage, while the black Toyota Camry sustained damage to its rear.

Witness statements indicated that the traffic light was green for the Honda CR-V when it proceeded through the intersection. The driver of the Toyota Camry reportedly entered the intersection after the light had turned red.

Emergency medical services were called to the scene, and minor injuries were reported by the driver of the Honda CR-V. Both vehicles were towed from the scene due to extensive damage.

Weather Conditions: Clear skies, dry road conditions

Traffic Conditions: Light traffic at the time of the incident

Recommendations:

- Both drivers were advised to exchange insurance information.

- Driver safety courses were recommended for both parties to prevent future incidents.
